

Salesfire

We are looking for a Back End Developer to join our team

Salary: Competitive

Location: Middlesbrough

Type: Permanent

Why we exist

Since first launching in 2017, Salesfire has grown to provide a personalised on-site experience to over four million customers a day. Over 500 online businesses in the UK trust our award-winning products to help them convert more visitors into customers.

We're determined to help eCommerce businesses compete in a competitive industry dominated by huge blue chip companies. Our service provides online retailers the products and solutions they need to create a personalised user journey and enhance their online shopping experience.

This has all been made possible through our talented team which has grown to over 40 strong and we are seeking a talented PHP developer who is passionate about building robust and scalable back end services. We are looking for commercially minded individuals who are able to put themselves in the shoes of online retailers and bring about real change.

The part you'll play

- Build new features into the Salesfire platform
- Write server-side code, create robust high-volume production applications
- Ensure the reliability of systems critical to Salesfire customers
- Practice disciplined software engineering (e.g. code reviews, writing clean and pragmatic code)
- Contribute to the back end coding standards

The skills you'll need

- Proficient in Object Oriented PHP
- Experience with frameworks (we use Laravel and Lumen)
- Strong understanding of database schema design, caching and scalability
- Experience with NodeJS is beneficial
- Knowledge of the latest SaaS technologies
- A strong understanding of, and practical experience with, web application development
- A sincere commitment to crafting readable and reliable code

The perks we offer

Our team is at the centre of our success and we ensure we offer the benefits and opportunities they deserve. At the heart of our collaborative culture is our newly refurbished Middlesbrough HQ and we've made sure it's a great place to work.

We provide the technology and equipment you need to carry out your role to the best of your ability, shared meeting and break-away spaces for when you need time away from your desk and a fully stocked kitchen of tea and coffee. In addition, we offer flexible working for a better work-life balance and regular social events.

We all need a break from work, so everyone gets 24 days paid holidays in addition to the public bank holidays.

How to apply

If you feel you would be a great fit to our team, please send your CV and cover letter to the email address below.
